WELCOME TO YOUR  
BRIGHT NEW SUNDAY

The Bishop, who appeared out of nowhere is holding his helper tight so he cannot run away. The black man even has a ring through his nose so he can be held in control like a bull?

## BISHOP WITH BLACK HELPER SPOTTED IN NEW BEITH

What is the reason for the ring through the nose? Part of a chain? Queensland parliament will have a special meeting on Monday morning, to find out the bishop's motive.

Where are the Bishop and the black man now?? They both have vanished like a chocolate sundae on a hot, sweltering Sunday

All the men were called to see the Bishop, to shake his hand and were openly told various private secrets that the bishop apparently had collected in his book. After a couple of questions about each behaviour the black man handed each one a present.

The pair left with an empty bag

What would have happened if you had not behaved well during the past year, we wonder. In the bag????? Taken to a secret destination???
